Newest and Best
Varieties

MINIATURE ROSES now come in many varieties and in nearly all colors found in the larger roses. They make wonderful gifts and may be used for many special occasions. Plants may be sent almost anywhere at any time. Just think how easily a gift of miniature roses may solve that problem of what to give to that person "who has everything." Or you may pot up some plants yourself to have ready for such occasions. Miniatures are among the first roses to bloom in the spring and the last to flower in the fall. Indoors or in the small greenhouse they may be flowered nearly all year. Use miniatures for borders, low hedges, in groups for spots of color or as potted plants. They will bring you and your friends much pleasure. Try some today.

Sincerely,

Ralph Moore
